## Halloween

Halloween is an exciting holiday of the year, especially for children! It is celebrated on October 31<sup>st</sup>.

Children dress up in costumes and go door-to-door to collect sweets from their neighbours. Trick-or-treating is a great way for kids to play their favourite character and have some fun with their friends. People also carve pumpkins into jack-o'-lanterns: pumpkins that are carved into faces and have candles placed inside of them. People often have Halloween parties where they dress up in costumes, play games, and eat sweets. These parties are a fun way to celebrate the holiday with friends and family.

Some people like to decorate their homes with Halloween-themed decorations, such as bats, spiders, and skeletons. Others like to tell ghost stories or watch scary movies. No matter how you choose to celebrate, Halloween is a fun and exciting holiday for everyone.
